MASTERTEC CONSUMABLES DIVISION

OUR FACILITIES

Mastertec Consumables are a supplier of a comprehensive range of mining consumables which are warehoused at our Brisbane, Rockhampton, Sydney and Newcastle facilities and offer next day dispatch on 90% of our products.

Mastertec Consumables have the ability to work with the Client and from a concept develop this into a safe, robust working product by utilising our drafting and workshop capabilities.

Mastertec are also a leading supplier of Calcium Chloride (salt), Quick Drive Cement, Aquacrete, Geosorb and Mesh to the industry with distribution warehouses in both QLD and NSW.

Mastertec work closely with suppliers allowing timely deliveries to meet the needs of customers and have distributorship with the following.
